Welcome dear guest,

The menu you hold in your hand is a nod to the infamous Set of Six story collection by the enigmatic Polish author Joseph Conrad. Inspired by and a reflection of his time in the British Merchant Navy, each story features a chaotic and idiosyncratic protagonist at its core; in a different part of the world.

On the following pages, youll find our signature serves divided by stories. Every thoughtful cocktail brings these characters to life through the showcasing of regional spirits, exotic flavours and lighthearted interpretations of each location from throughout the book.

Please, feel free to pick the drink that appeals to you; but fret not if you cant decide, our crack team of bartenders are on hand to make sure you make the right choice!

Cheers!
